Profile on LinkedIn

@iDiscoveryInc

Prior to joining iDS, Gina was a Senior Service Delivery Advisor at Deloitte Discovery, lending her expertise to several high-profile investigations.

She served as a litigation project manager at Dykema Gossett and started her eDiscovery career at Stout Advisory and Consulting Firm. Before entering the eDiscovery industry, Gina spent six years at the University of Michigan CS Mott Children's Hospital, where she was the project manager for an international quality improvement data registry focused on pediatric cardiac ICU patients.

In her current role, Gina is responsible for guiding iDS clients on effective uses of Brainspace and Relativity Analytics, as well as data analysis techniques in order to optimize datasets and data review.

Born and raised in Michigan, Gina is married with two dogs – Ludo (a Shih Tzu) and Wally (a St. Bernard Doodle). Gina is also an amateur cook and foodie, avid gamer, novice knitter, and frequent traveler (pre-and-hopefully-post-pandemic)
