Mr. Timothy LaTulippe, MSc. is a Director and data forensic expert in iDiscovery Solutions' (iDS) Europe office. Throughout his career, Timothy has assisted in complex investigations in both the public and private sectors in the U.S. and Europe. Working with government agencies, Fortune 100 corporations and AM Law 100 firms, he has consistently provided complete collection and correct analysis of incidents and issues. Timothy also regularly advises on technological issues related to complex investigations, data privacy, risk identification and information security, and has been integral in developing proprietary software to assist in these endeavours.

Complementing his direct advisory work, Timothy is also a member of several forensics organisations and continually speak and write on matters relating to electronic investigations. This includes board membership of the Digital Forensics Certification Board (DFCB) and relevant academic peer-review journal editing.

Timothy relies upon his many years of experience in data investigations to assist clients worldwide in achieving the most efficient cost-effective solutions to the problems at hand.

Mr. LaTulippe is a graduate of Champlain College, where he received his Master's Degree in Digital Forensics Management and his Bachelor of Science Degree in Computer & Digital Forensics. Timothy is proficient in French.
