Data Source Evaluation Checklist

Checklist for Evaluating Individual Data Sources or Devices

This form is for the evaluation of a particular data source to assist in assessing if there needs to be preservation or collection.

- ☐ 1. Is this source under your possession, custody and control?
- ☐ 2. Does this source contain relevant data?
- ☐ 3. Does this source contain responsive data?
- ☐ 4. Does this source contain unique data, not available elsewhere?
- ☐ 5. Is this the best source from which to collect the data?
- ☐ 6. Is the data transitory, temporary, or otherwise at risk?
- ☐ 7. Can this data be preserved in place?
- ☐ 8. Does this data contain personal, privileged, health, or sensitive information?
