# Employee Risk Assessment - CHECKLIST

## Get the facts before your assessment.

- [ ] In which legal jurisdiction is the employee(s) a resident? (U.K., Ireland, France, Austria etc.,)
- [ ] Does the employee(s) Employment Agreement reference an Acceptable Use Policy (AUP), or otherwise make provisions to access electronic devices in the context of a legal dispute or legitimate investigation?
- [ ] Is there a trusted IT person who can assist with access to systems, password resets, etc.,?
- [ ] Does the organisation use a Data Loss Prevention (DLP) system? (e.g. Forcepoint, Digital Guardian, Symantec DLP)?
- [ ] Does the organisation from which the employee(s) has departed have any data for/on the employee(s)?
- [ ] Does the employee(s) necessarily have to be on company owned devices to access corporate systems? (i.e. can they access Salesforce, E-mail etc., from any computer in the world, or only company devices)
- [ ] Does the Client organisation have a Bring Your Own Device (BYOD) policy?
- [ ] Are mobile phones maintained by a Mobile Device Management (MDM) programme? (e.g. Air Watch, Citrix Xen)
- [ ] Is there any indication that company data were retained or taken?
- [ ] Does the employee(s) have personal devices that are confirmed or suspected to be used to communicate with corporate systems?
