@iDiscoveryInc

Philip Ogan is an eDiscovery and Forensic Manager who brings clarity to complexity. Clear, proactive, and client-focused, he excels at communicating with clients, technology vendors, and colleagues to deliver efficient, defensible solutions. A resourceful problem-solver, Philip anticipates challenges, guiding clients to make informed decisions and avoid unnecessary delays.

Since 2000, Philip has been immersed in eDiscovery, leading projects that cover the full litigation lifecycle. With leadership and supervisory experience dating back to the mid-90s, he thrives in managing complex, multi-faceted cases. An expert in tools such as Relativity, EnCase Enterprise, and Office 365 Advanced eDiscovery, Philip blends strong analytical skills with a commitment to best practices. Whether balancing counsel and court-driven demands or mentoring his teams, he brings experience, insight, and strategic thinking to every project.
