Profile on LinkedIn

@iDiscoveryInc

Prior to joining iDS, Drew specialized in IT, eDiscovery, and implementing analytics at a law firm. Drew has a background in legal studies, and he is experienced in eDiscovery and litigation technology. He considers his specialties to be analytics and communication.

At iDS, Drew administers and consults on the use of Brainspace, the world's leading analytics platform. He also administers and consults on the use of advanced analytics in eDiscovery.

Drew was raised in Green Bay, Wisconsin. After graduating from college, Drew moved to Charleston, South Carolina, to escape the cold. In his free time, Drew enjoys rooting for the Green Bay Packers, playing golf, or spending time at the beach.
